Facts & Figures

A consolidated turnover of $938 million in 2018; 350 million sealant and polyurethane foam units produced in 19 production branches; around 3,100 employees worldwide; almost $66 million in investment in 2018: those are the impressive facts and figures of the Soudal Group.

Our Activities

The Soudal Group manufactures products for its own brands and private labels covering 7 groups: silicones and other sealants, polyurethane foams, adhesives, hybrid polymers, technical aerosols and chemical building products. With its own brands the Soudal Group is focusing on 3 market segments: the construction, industrial and retail sectors.

Sustainability

The Soudal Group is leading the way in the development of products for sustainable construction, which are safe for people and the environment. As a result of the most modern production technology, energy, water usage and residual waste is limited. It is obvious that the welfare of employees is another priority.
