

SOUDAL

SOUDAL 50 YEARS

Soudal Professional Construction / 110422

SOUDAL

- For air- and watertight finishing of above- ground:
- Surfaces (no roof applications)
- COLOR
- Grey

- Building and Construction Joints
- Top Sealaing of Glazing Joints
- Joints with high movment between different
- Sealing between treated wood, metal, PVC profiles,

 Anodized Aluminum, Antique White, Clear, Black, Bronze, Grey, Limestone, White, Window Bronze

- For bonding a broad range of materials
- Suitable for the fast bonding of e.g. plastics, metal,
- timber, porcelain, cork, leather, ceramics, cardboard,

Good adhesion to many materials

• Fast hand tight bond.

• Suitable for bonding of low energy surfaces.
