# Section 2. Hazards Identification

Classification N/A

Signal Word

Pictogram

Hazard Statements N/A

**Precautionary Statements** 

Response N/A
Prevention N/A
Storage N/A
Disposal N/A

General If medical advice is needed, have product container or label at hand

Keep out of reach of children

Read label before use

Ingredients of unknown

toxicity

0%

Hazards not Otherwise

Classified

**GHS Classification** Not a hazardous substance or mixture. **GHS Label Element** Not a hazardous substance or mixture.

Other hazards None known

### **Section 3. Ingredients**

CAS	Ingredient Name	Weight %
27138-31-4	Dipropylene glycol dibenzoate	1% - 5%
64742-46-7	Distillates (petroleum), hydrotreated middle	1% - 5%
13463-67-7	Titanium Dioxide	1% - 5%
7632-00-0	Sodium Nitrite	0.1% - Max

Occupational exposure limits, if available, are listed in Section 8.

### Section 4. First-Aid Measures

No first aid should be needed. Ingestion

Remove to fresh air. Seek medical attention if irritation persists. Inhalation

Skin Contact Wash affected area with soap and water.

None known

**Eye Contact** Immediately flush with large amounts of water. If irritation occurs, seek medical

attention.

# **Section 5. Fire Fighting Measures**

Suitable Extinguishing

Media

Media

Hazards

Alcohol Foam, Carbon Dioxide, Dry Chemical, Foam, Water Fog

Unsuitable Extinguishing

Unusual Fire or Explosion

Product will not burn, but may splatter if temperature exceeds boiling point of

water. Dried solids can burn, giving off oxides of carbon.

Special Fire Fighting

Non-flammable (aqueous emulsion). After water evaporates, remaining material will burn. Breathing apparatus required when fighting fires in enclosed areas.

**Procedures** 

### Section 6. Accidental Release Measures

Steps to be taken in case of spill or release

Determine whether to evacuate or isolate the area according to your local emergency plan. Observe all personal protection equipment recommendations described in Sections 5 and 8. For large spills, provide diking or other appropriate containment to keep material from spreading. If diked material can be pumped, store recovered material in appropriate container. For small spills, wipe up or scrape up and contain for salvage or disposal. Clean area as appropriate since spilled material, even in small quantities, may present a slip hazard. Final cleaning may require the use of steam, solvents or detergents. Dispose of saturated absorbent or cleaning materials appropriately, since spontaneous heating may occur.

Local, state and federal laws and regulations may apply to releases and disposal of this material, as well as those materials and items employed in the cleanup of releases. You will need to determine which federal, state and local laws and regulations are applicable. Sections 13 and 15 of this MSDS provide information regarding certain federal and state requirements.

### Section 7. Handling and Storage

Storage Handling

Store in a cool dry place. Protect from freezing and excessive heat.

Avoid breathing vapors in top of shipping container. Keep container closed. Use with adequate ventilation. Avoid contact with skin and clothing. Wash throughly after handling.

# Section 8. Exposure Controls/Personal Protection

Occupational	Exposure
Limits	

Ingredient Name	ACGIH TLV	OSHA PEL	STEL
Dipropylene glycol dibenzoate	N/A	N/A	N/A
Distillates (petroleum), hydrotreated middle	5 mg/m3	5 mg/m3	10 mg/m3
Titanium Dioxide	TWA: 10 mg/m3	TWA: 15 mg/m3 total N/A dust	
Sodium Nitrite	N/A	N/A	N/A

Personal Protective Equipment

Goggles

**Engineering Controls** 

Local Ventilation: Recommended General Ventilation: Recommended

Ventilation

Respiratory Protection

Use respiratory protection unless adequate exhaust ventilation is provided or exposure assessment demonstrates that exposures are within exposure guidelines. Industrial Hygiene Personnel can assist in judging the adequacy of existing engineering controls.

Local exhaust ventilation is recommended to maintain vapor level below TLV.

#### Suitable Respirator:

General and local exhaust ventilation is recommended to maintain vapor exposures below recommended limits. Where concentrations are above recommended limits as determined by air sampling or are unknown, appropriate respiratory protection should be worn. Follow OSHA Respirator Skin Protection

Regulations (29 CFR 1910.134) and use NIOSH/MSHA approved respirators.

Wash at mealtimes and end of shift. Contaminated clothing and shoes should be removed as soon as practical and thoroughly cleaned before reuse. Chemical protective gloves are recommended.

Suitable Gloves: Silver Shield® 4H®

Eye Protection Note Chemical goggles if liquid contact is likely, or safety glasses with side shields.

These precautions are for room temperature handling. Use at elevated temperatures or aerosol/spray applications may require added precautions. For further information regarding aerosol inhalation toxicity, please refer to the guidance document regarding the use of silicone-based materials in aerosol applications that has been developed by the silicone industry (www.SEHSC.com).

# Section 9. Physical and Chemical Properties

Physical State	Paste
Color	See product label
Odor	Slight acrylic odor
Odor Threshold	N/A
Solubility	Dilutable in wet stage
Partition coefficient Water/n-octanol	N/A
VOC%	28 g/L
Viscosity	N/A
Specific Gravity	1.62
Density lbs/Gal	N/A
Pounds per Cubic Foot	N/A
Flash Point	Not
	determined
FP Method	N/A
рН	N/A
Melting Point	0C
Boiling Point	100C
Boiling Range	N/A
LEL	0.9
UEL	15.3
Evaporation Rate	Slower than
	n-Butyl
	acetate
Flammability	N/A
Decomposition Temperature	N/A
Auto-ignition Temperature	N/A

Not
determined
Lighter than air

CARB Method 310

VOC Content: 28 grams/liter

# Section 13. Disposal

RCRA Hazard Class (40 CFR 261)

When a decision is made to discard this material, as received, is it classified as a hazardous waste? NO

State or local laws may impose additional regulatory requirements regarding disposal.

We make no guarantee or warranty of any kind that the use or disposal of this product complies with all local, state, or federal laws. It is also the obligation of each user of the product mentioned herein to determine and comply with the requirements of all applicable statutes.

### **Section 14. Transport Information**

UN Number N/A

UN Proper Shipping Name Not regulated DOT Classification Not regulated Packing Group Not regulated

Air Shipment (IATA) Not subject to IATA regulations.

Ocean Shipment (IMDG) Not subject to IMDG code.

# Section 15. Regulatory Information

The contents of this MSDS comply with the OSHA Hazard Communication

Standard 29 CFR 1910.1200.

TSCA Status All chemical substances found in this product comply with the Toxic Substances

Control Act inventory reporting requirements.
