

ACCESSORIES

SODAL SWIPEX SUPER CLEANING WIPES

Swipex are solvent based cleaning wipes for uncured sealants & adhesives.

- Non woven wipes impregnated with a mixture of solvents, biodegradable non-ionic surfactants and skin emollients
 - Suitable for all non-porous surfaces
 - For hands and tools
 - Cleans uncured sealant
 - Removes oil, adhesive, etc.
- COMES IN TUB 100 CT.

SODAL GUN & FOAM CLEANER SPRAY

Soudal Gun & Foam Cleaner is a solvent cleaner specifically designed for cleaning of uncured PU foam.

- For hands and tools
 - Cleans uncured PU foam
- COMES IN AEROSOL CAN 12 OZ.

GUNS

■ Soudal Skeleton Gun,
10 oz Cartridge

■ Soudal Compact Gun
is a **plastic** gun foam applicator

■ Soudal Designer Gun
is a top of the line **metal** gun
foam applicator

■ Soudal Designer Gun 22"
is a 22" long top of the line
metal gun foam applicator

HORIZONTAL APPLICATIONS

Saw cuts in the concrete floor need to be temporarily filled to avoid imparting unsightly marks on the soon-to-be cast walls, and Soudafoam Gap Fill is a great product to perform this function. Soudafoam Gap Fill expands to fill small, medium, and large gaps, and is easy to remove once the wall creation is complete.

Soudal offers a few products that provide the required bond to parts used in the wall casting and forming steps, including chamfers, reveal strips, and kickers. Below is a comparison table to show the benefits of each of these products.

| | Soudaseal FC | Soudabond Power Spray | Soudaflex PU35 |

Soudafoam Gap Fill Gun Foam

Soudaseal FC

Soudabond Power Spray

Soudaflex PU35

Soudaseal AP

HMX Facade Pro

DESCRIPTION

■ Soudafoam Gap Fill is a **gap filling**, high expansion, one component, moisture curing PU foam.

- Easy application
- High expansion
- Excellent adhesion to almost all substrates
- Excellent thermal and acoustical insulation
- No shrinkage

■ Soudaseal FC is a **fast cure / quick grab SMX® hybrid adhesive / sealant** with exceptional green strength and +/- 25% movement capabilities.

- New generation sealant / adhesive
- Paintable (no need to wait until full cure before painting)
- No solvents / isocyanates (no shrinkage)
- Low odor
- Even adheres to moist substrates
- No bubbling
- Plastic cartridge
- UV stable (no discoloring)

■ Soudabond Power Spray is a highly strong universal, ready-to-use contact adhesive. The spray applied adhesive is easy-to-use and provides a **fast build-up of strength and a powerful bond** on most common mounting materials.

- Universal use
- Short evaporation time
- Fast strength build-up
- High end strength
- Fast drying process.
- Good adhesion to many materials
- Fast hand tight bond.

■ Soudaflex PU35 is a one component, medium-low modulus, **polyurethane sealant**.

- Paintable
- Easy application
- Movement capability of +/- 35%
- Excellent adhesion to concrete, masonry, wood, metals, & many more
- Good weather and UV resistance

■ Soudaseal AP is an **all purpose SMX® hybrid sealant & adhesive** with +/- 35% movement capabilities.

- New generation sealant / adhesive
- Paintable (no need to wait until full cure before painting)
- No solvents / isocyanates (no shrinkage)
- Low odor
- Even adheres to moist substrates
- No bubbling
- Plastic cartridge
- UV stable (no discoloring)
- AAMA compliant

■ HMX Facade PRO is a high performance elastic facade sealant that is based on our **revolutionary HMX technology**.

- Excellent & unique tooling (no threading, no slump, easy cleaning)
- High elasticity class (ISO 11600 F 25 LM)
- Very good adhesion to many substrates (concrete, brickwork, PVC,...)
- Inside & outside use (UV-, rain & frost resistant)
- Can be used on natural stone
- Excellent paintability

APPLICATION

• Saw cuts in the concrete floor need to be temporarily filled to avoid imparting unsightly marks on the soon-to-be cast walls. Other general purpose foam sealant for filling and joining materials.

• Adhering Reveal strips to concrete floor. Bond to parts used in the wall casting and forming steps, including chamfers, reveal strips, and kickers.

• Adhering Reveal strips to concrete floor. Bond to parts used in the wall casting and forming steps, including chamfers, reveal strips, and kickers.

• Bonding parts used in the wall casting and forming steps, including chamfers, reveal strips, and kickers. Gap sealing between concrete panels once lifted into place.

• Gap sealing/vertical joint filling between concrete panels once lifted into place. Other general purpose gap fill joint sealant.

• Gap sealing/vertical joint filling between concrete panels once lifted into place. Other general purpose gap fill joint sealant.

PACKAGING*

• 24 oz. aerosol can
Gun Foam

• 10.1 fl. oz. cartridge
• 20 fl. oz. sausage

• 12 oz. aerosol can

• 10.1 fl. oz. cartridge
• 20 fl. oz. sausage

• 10.1 fl. oz. cartridge
• 20 fl. oz. sausage

• 10.1 fl. oz. cartridge

COLORS*

• Champagne

• White, Off White, Tan, Stone, Limestone, Aluminum Gray, Gray, Medium Bronze, Special Bronze, Black, Redwood, Hunter Green

• Transparent

• White, Off White, Tan, Stone, Limestone, Gray, Aluminum Gray, Hunter Green, Medium Bronze, Special Bronze, Black, Redwood, Redwood Tan

• White, Off White, Tan, Stone, Limestone, Aluminum Gray, Gray, Medium Bronze, Special Bronze, Black, Redwood, Hunter Green

• White, Grey

* Some colors / other packaging may be subject to minimum order quantities and lead times

VERTICAL APPLICATIONS

Soudal offers multiple products that will perform great in gap sealing between concrete panels. Below are our best options and their benefits.

| | Soudaflex PU35 | Soudaseal AP | HMX Facade Pro |
