

ACCESSORIES

Soudal Swipex

Soudal Gun & Foam Cleaner

GUNS

DESCRIPTION

- Swipex are solvent based cleaning wipes for uncured sealants & adhesives.
- Non woven wipes impregnated with a mixture of solvents, biodegradable non-ionic surfactants & skin emollients
- Suitable for all non-porous surfaces
- Soudal Gun & Foam Cleaner is a solvent cleaner specifically designed for cleaning of uncured PU foam.

APPLICATION

- For hands & tools
- Cleans uncured sealant
- Removes oil, adhesive, etc...
- For hands & tools
- Cleans uncured PU foam

Soudal is the largest independent European manufacturer of sealants, adhesives and polyurethane foam. The company was founded in 1966 by Vic Swerts and is still a family-run company with production facilities fully independent from large multinationals.

We are committed to tackling today's challenges while staying ahead of tomorrow's. Innovation and progress are at the heart of everything we do. Our goal is to lead the way in the professional and retail construction industries. We're charging forward to build a better, more sustainable future. As a market leader, Soudal is dedicated to delivering top-quality products to carefully chosen markets across the globe. We're constantly improving our offerings, driving innovation, and exploring new opportunities to expand our impact and expertise.

Soudal Fix ALL™ Crystal is a 100% CRYSTAL clear sealant, adhesive & filler, based on SMX® Hybrid technology. Suitable for internal & external use. Can be applied in all weather conditions. Primerless adhesion on most construction materials, including wet & damp surfaces. Contains XS1 fungicides providing ultimate mold resistance.

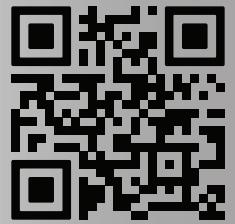

- Super clear
- Bonding & sealing applications
- Food safe
- Highly flexible
- ALL materials, ALL surfaces (except on PE, PP and PTFE)

PACKAGING

- 9.5 fl. oz. cartridge
- 3 oz. tube

COLOR

- Clear

Soudal Fix ALL™ High Tack is a super strong sealant & adhesive with high initial tack & end strength (450lbs/in²). Based on SMX® Hybrid Technology, High Tack achieves high performance flexible bonding & sealing of all types of materials onto almost any surface, both porous & non-porous, even if wet or humid. Contains XS1 fungicide providing ultimate resistance against mold growth.

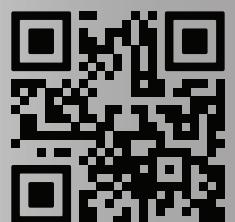

- Super strong
- Press firmly for instant grab
- Mold resistant - XS1 fungicide
- ALL materials, ALL surfaces (except on PE, PP and PTFE)

PACKAGING

- 9.5 fl. oz. cartridge
- 3 oz. tube

COLOR

- White

Soudal Fix ALL™ Turbo is a super fast curing adhesive with exceptional final bond strength. Based on SMX® Hybrid Technology, Turbo has rapid strength build-up after 20 minutes. Final bond strength achieved in 3 hours. For all types of bonding applications, onto all types of surfaces, even wet or humid non-porous surfaces.

- Super fast
- Rapid strength build up after 20 mins
- Final bond strength in 3 hours
- Permanently flexible
- ALL materials, ALL surfaces (except on PE, PP and PTFE)

SOUDASEAL 230HM ALL PURPOSE SMX® HYBRID TECHNOLOGY SEALANT & ADHESIVE

Ideal for sealing of windows & doors, both interior and exterior

- Next Generation Sealant: Features Superior Performance Characteristics
- Both Interior and Exterior
- Superior Weather Resistance: Waterproof. Can be Applied to Damp Surfaces
- Paintable (Water Base Paint). Prior Testing Required
- Permanent Flexibility and Elasticity: +/-35% Movement
- Excellent Adherence to Porous and Non Porous Substrates: PVC-Vinyl, Wood, Glass, Metal, Concrete, Stone and Flashing Tape. No Need for Primers
- No Shrink, No Smell, No Bubbling, Easy to Tool and Finish
- Environmentally Friendly: No Isocyanates/No Solvents
- Low Temperature Workability. Will Not Freeze and Easy to Extrude
- VOC Compliant: Low VOC Level: <3% VOC
- Plastic Cartridge
- AAMA certified

AVAILABLE IN:
10.1 FL. OZ. CARTRIDGE
AND 20 FL. OZ. SAUSAGE

MOQs VARY

Please allow 2 - 3 weeks for color-match, and 6 - 8 weeks for production after color-match approval.

■ BOSS® 362 100% Acrylic Tub 'N' Tile Caulk was developed for use around showers, baths, tubs, tiles, backsplashes & sinks.

- Mildew resistant
- Excellent adhesion and flexibility
- 100% waterproof
- VOC compliant
- UV resistant
- Mildew resistant

■ BOSS® 363 Sealant Acrylic Latex Caulk with Silicone is mildew resistant & designed for both interior & exterior use.

- Mildew resistant
- VOC compliant
- Water cleanup
- Non-yellowing
- Meets ASTM C834

■ Soudabond Power Spray is a ready-to-use, strong & fast contact adhesive based on synthetic rubbers.

- Fast drying
- High strength
- Suitable for the fast bonding of plastics, metal, timber, porcelain, cork, etc.
- Complies to CARB VOC

■ Soudabond Subfloor is a high-strength, fast-curing gunnable PU adhesive foam that collapses to a gel adhesive immediately after application.

- Time & money saving
- Excellent adhesion to almost all substrates
- Fast cure
- Protects against squeaks
- Adheres to moist surfaces
- Meets ASTM D3498

■ Soudabond Easy is a fast-curing, ready-to-use, one-component, gunnable PU adhesive.

- Easy application
- Time & money saving
- Excellent adhesion to almost all substrates
- Fast cure
- High initial grip
- Adheres to moist surfaces

■ BOSS® 337 Construction Adhesive Foam Gun Grade is a ready-to-use, one-component, self-expanding polyurethane.

- Clean, efficient & economical permanent bonding of insulation panels
- Cuts working time by up to 30%
- Suitable for vertical applications
- Water resistant (not watertight)
- Remains flexible, does not become brittle
- Tested according to ASTM E 84

SOUDAL**BOSS[®]
PRO****MAXTAC**

A high quality, quick rise, two component, polyurethane spray foam for insulating, filling and sealing in professional and industrial applications. It is supplied in two portable, disposable, and pressurized cylinders requiring no external power source, no extra pressure, and no pumps.

Soudal MAXTAC 200bdft 2-Part Foam Kit

1 Box, 2 Canisters - 15ft hose (4.6m) approx. 42 lb. 157703

Soudal MAXTAC 600bdft 2-Part Foam Kit

2 Boxes, 2 Canisters - 15ft hose (4.6m) approx. 55 lb. 165773

2 Boxes, 2 Canisters - 30ft hose (9m) approx. 55 lb. 166879

HOW TO USE

1. Check if the application conditions conform to the descriptions mentioned in the Product Properties.
2. Hold the dispensing gun about 8" - 12" away from the surface/space to be sprayed.
3. Make sure the trigger is always pressed down completely while spraying.
4. Move the dispensing gun under controlled movement to cover the desired surface/space with foam.
5. Spray foam in layers of approx. 1" - 2" thickness. While spraying the product, an amount of heat is released because the exothermic nature of the chemical PU reaction. Ensure that the substrate is not affected by the heat release.
6. A test shot is advised to verify this.
7. Replace the nozzle when not been used for more than 20 seconds (earlier at higher component temperatures as 68°F).

- Patent formula containing HFO blowing agent
- HFO has 1,000 times lower impact on global warming vs HFC
- Many states plus Canada have restrictions on HFC-containing products
- No sacrifice in performance

■ Soudafoam Flex is a unique, flexible, minimal expansion, one-component, moisture curing PU foam.

- Very high elastic recovery (up to 90% if compressed by 75%)
- Easy application
- Gunnable in all seasons (-13°F to 120°F) with a can temperature of 40°F to 95°F
- Minimal expansion
- 2-year shelf life
- Excellent adhesion to almost all substrates
- Excellent thermal insulation

■ BOSS[®] 333 Gap Filling Foam is a ready-to-use, multi-purpose, PU foam that expands to three times its original volume on contact with air.

- UL Classified, tested to ASTM E-84
- Triple expanding
- Weatherproofs against wind & moisture
- Fills gaps, cracks & holes
- Seals out insects & pests
- Can be sanded, painted & stained
- VOC compliant

■ BOSS[®] 334 Door & Window Minimal Expanding Foam is a one-component, ready-to-use PU foam, formulated to seal the gap around window & doorframes & the rough opening.

- High thermal & acoustical insulation
- Excellent stability
- Low pressure build, reducing the chance of bowing
- Very good filling capacities
- VOC compliant
- AAMA 812-04 approved

■ BOSS[®] 336 Extreme Weather Minimal Expanding Foam is a top-of-the-line one-component, moisture curing PU foam developed especially to perform under difficult freezing temperature conditions.

- Excellent adhesion on most substrates (except Teflon, PE & PP)
- High thermal & acoustical insulation
- Very good filling capacities
- Excellent mounting capacities

■ BOSS[®] 338 Flexible Foam is a one-component, moisture curing & low expansion, ready-to-use PU foam.

- Very high elastic recovery
- Copes with extreme mechanical movement without cracking
- Excellent adhesion on most substrates (except Teflon, PE & PP)
- High thermal & acoustical insulation performance
- Very good filling capacities

■ BOSS[®] 812 Fire Block Foam prevents the spread of smoke & toxic gasses from one compartment to another, thereby slowing down the spread of fire, due to lack of air to fuel the flames.

- Will adhere to almost any substrate
- Prevents the spread of smoke & toxic gasses
- Installed in seconds, reducing labor costs by up to 90%
- Paintable (after inspection)
- Can be used on vertical or horizontal applications

- Expanding joints
- Vibrating constructions
- Filling of cavities
- Impact & shock dampening

- Airsealing
- Partition walls with ceilings
- Through penetrations

- Installing of window & doorframes
- Filling of cavities
- Sealing of openings in roof construction

- Installing, mounting & sealing of window and door frames
- Filling of cavities
- MANY MORE...

- Ideal for restricting air, sound, dirt, & water vapor
- Sealing around door & window frames

- Filling of cavities
- Sealing of all openings in roof construction
- Creation of a soundproof screen

DESCRIPTION

BOSS® 804 Pool & Spa Silicone is a premium quality silicone sealant specially formulated for grouting ceramic tile.

- Waterproof/ weatherproof
- Mildew resistant
- Non-sag formula
- Minimal expansion
- Good adhesion to ceramic & porcelain tile, natural stone, polycarbonate pool & spa & lighting covers
- VOC compliant

BOSS® 820 is a premier product for lubrication in the pool & spa industry designed for use as a water repellent, sealing compound.

- Waterproof & chemical resistant
- Prevents corrosion, rust, & damage
- Ideal for valves & other plastic and rubber applications requiring silicone
- Formulated for use in harsh conditions

BOSS® 822 Expansion Joint Sealant is a free flowing, self-leveling, one-component material.

- Free flowing
- Self-leveling
- Good adhesion to a wide variety of substrates
- VOC compliant

BOSS® 840 Non-Corrosive Marine Silicone is a long lasting, acid-free, self-leveling, one-component material.

- Exceptional elongation & flexibility
- Good adhesion to a wide variety of substrates
- VOC compliant

BOSS® 231 is a plasto-elastic, paintable, one-component repair sealant based on copolymers.

- Seals and bonds
- Exceptional elongation & flexibility
- Asphalt single compatible
- Easily applied, non-stringing formulation
- Tools & cleans up easily
- Crystal clear

BOSS® 241 Roof Cement is an asphalt-based one-component ready to use roof & gutter sealant.

- Seals and bonds
- 3-year warranty
- Excellent adhesion
- Easy to apply
- Adheres to dry/damp/wet surfaces

Soudaflex PU35 is a high-quality, elastic, one-component sealant based on polyurethane.

- 50% movement
- Seals and bonds
- Exceptional elongation & flexibility
- Asphalt single compatible
- Easily applied, non-stringing formulation
- Tools & cleans up easily
- Crystal clear

BOSS® 326 Hi-Temp Red Silicone Sealant is a one-part, non-slumping paste that cures to a tough, rubbery solid at room temperature on exposure to water vapor in the air.

- Seals and bonds
- Easy application
- Good weather resistance
- Permanently elastic after curing
- Adheres to dry/damp/wet surfaces
- Can be painted with most types of paint systems

BOSS® 370 HVAC Sealant is a one-part, non-slumping paste that cures to a tough, rubbery solid at room temperature on exposure to water vapor in the air.

- Seals and bonds
- Easy application
- Good weather resistance
- Permanently elastic after curing
- Adheres to dry/damp/wet surfaces
- Can be painted with most types of paint systems

BOSS® 380 Contractor's Silicone Sealant is a one-part acetoxy cure adhesive sealant that is suitable for general heating, ventilation & air conditioning sealing and adhesive applications.

- Attachable nozzle
- Capped nozzle for easy storage
- Non-sag formula for easy application
- Fast cure

BOSS® 399 100% Glazing Silicone Sealant is a one-part, neutral curing, medium modulus sealant formulated for the window and door glazing market.

- Low odor
- Excellent backbedding sealant
- Medium modulus
- Primerless adhesion
- Bonds to Kynar 500®
- Primerless adhesion to vinyl, wood and aluminum

BOSS® 801 Pool & Spa Silicone is a one-part, low odor, neutral cure, mildew resistant, noncorrosive silicone sealant.

- Waterproof/ weatherproof seal
- Non-sag formula
- Forms a waterproof seal
- UV resistant
- Medium modulus
- Primerless adhesion
- Bonds to Kynar 500®
- Primerless adhesion to vinyl, wood and aluminum

BOSS® 802 Pool & Spa Silicone is a one-part acetoxy cure silicone sealant designed for general purpose use in & around pools & other water applications.

- Waterproof/ weatherproof seal
- Mildew resistant
- Forms a waterproof seal
- UV resistant & non-yellowing
- Non-sag formula for easy applications
- Chlorine resistant formula

APPLICATION

- Ceramic tile
- Porcelain tile
- Natural stone
- Polycarbonate pool & spa

- O-rings
- Valves
- Plastic gears

- Pool decking
- Patios
- Driveways
- MANY MORE...

- Marine windows
- Plastic through-hull fittings
- Concrete
- Fiberglass
- Metal & glass

- Asphalt shingles
- Coated steel
- Concrete
- Vinyl
- Steel & other common substrates

- Joints with movement till max. 10%
- Leaks in gutter, drainpipes & roof covers

- Building joints with high movement
- Sealing of floor joints
- Sealing of shrinking joints

- Door & window installs
- Aerospace gasketing
- Industrial ovens
- Bag filters on smoke stacks

- Sealing heating, ventilating or air conditioning duct work
- Industrial ovens
- Bag filters on smoke stacks

- Door & window installs
- Wall panels
- Electrical outlets
- Pipes and vents

- Glazing
- Window manufacturing & installation

- Ceramic tile
- Acrylic
- Fiberglass
- ABS
- PVC & more!

- Spa jets
- Skimmers
- Fittings
- Glass
- Ceramics
